Access / safety: Night light on left of bed. Keep floor path to ensuite clear.

Object	Place	Tag	Est. £
Prescription tablets	Top bedside drawer — keep locked	hazard	0
Winter coat, navy	Wardrobe, right rail	general	80

Whole-house advice

- Label every shelf edge in large print; add a short voice note per cupboard.
- Documents and passports in one fire-resistant place; photograph for insurers.
- Hazards (scissors, medicines, bleach) high or locked, never on the floor path.
- One category per shelf so items are findable by touch and habit.
- Revisit this programme after any move, fall, or big shop — same rooms, updated list.
- For insurance: keep purchase dates and values in HomeRecall, export this PDF after changes.
